**Neurologic Disorders (Insomnia, Migraine, Sciatica and Memory Loss):
A Traditional Persian Medicine Perspective**

Drs. Seyed Shahin Soltani, Meysam Shirzad, Alireza Abbassian,
Mehrdad Karimi, Mahdi Alizadeh V., M.D., Ph.D.
TX: 4 BIO, 1 HERB | NCCAOM: 3 AOM-BIO, 1 AOM-CH | CA: Category 1

The lecture will be co-presented by five speakers from Iran, covers the following five items such as: sleep disorders (insomnia), migraine, sciatica, culinary medicine in neurology (memory improvement), manipulation and purification techniques. Based on Traditional Persian Medicine (TPM), dystemperaments in the nervous system can cause a multitude of very common complications such as insomnia, migraine, sciatica and memory loss. Balancing and restoration of dystemperaments in this system can prevent, correct, and reverse these discomforts. TPM offers herbs, diet correction with a traditional culinary medicine and foods and also traditional manipulation techniques that can efficiently balance the nervous system and alleviate these symptoms.

Insomnia Based on Traditional Persian Medicine Perspective

Dr. Seyed Shahin Soltani is a MD, PhD with medical doctorate degree of Western medicine from Iran (1996) and PhD in Traditional Persian Medicine (TPM/ TIM) from Iran (2012). He has been involved in medical practice, research, and teaching for the last 25 years and is currently an Assistant professor in Houston Community College and faculty of ACAOM (American College of Acupuncture & oriental medicine) and teaching Western medicine classes and Western herbal medicine in Master and doctorate degree programs since 2013 and an International speaker in medical seminars.

Migraine: A Traditional Persian Medicine Approach

Dr. Meysam Shirzad is a MD, PhD with a medical doctorate degree of Western medicine from Iran (2004) and PhD in Traditional Persian Medicine (TPM/ TIM) since 2013. He has been involved in medical practice and an international lecturer in Macro-SAR China, education of principles of TPM in Vienna Austria and in Athens / Greece recently. He is an assistant professor of Tehran University of medical sciences school of TPM since 2013.

Sciatica: A Traditional Persian Medicine Approach

Dr. Alireza Abbassian (MD, Ph.D.) is a medical doctor of Western medicine (Iran, 2004) and Ph.D. in Traditional Medicine (TPM/TIM) since 2012. He has been involved in medical practice and was a former researcher at La Trobe University, Melbourne, Australia. He is a WHO expert in Traditional Medicine and had lectures in Jaipur & Jamnagar, India, and Macao-SAR China. He has been an assistant professor at Tehran University of medical sciences, school of TPM since 2013.

Traditional Persian Culinary Medicine for Memory Improvement

Dr. Mehرداد Karimi (MD, Ph.D.) is a medical doctor in Western medicine (Iran, 2001) and a Ph.D. in traditional medicine (TPM/TIM) since 2013. Dr. Karimi was involved in teaching students from China, Austria, India and Greece and an international speaker. He has been an associate professor in Tehran University of medical sciences, school of TPM since 2013 and the former chair of TPM there.

Purification and Traditional Manipulation Techniques in Neurologic Disorders Based on Persian Folk Medicine

Dr. Mahdi Alizadeh V. (MD, PhD) is a Medical Doctor in conventional medicine (since 2002) and PhD in Traditional Persian Medicine since 2013. He teaches and practices medicine and involved in interdisciplinary research as an assistant professor at Tehran University of Medical Sciences, School of Persian Medicine since 2013. He has also been an international Medical lecturer in Iran and Austria.

Treating Cancer Survivors with TCM

Dr. Kathy Taromina, D.A.C.M.
TX: 1.6 HERB, 2 GEN | NCCAOM: 1 AOM-CH, 2 AOM-AC | CA: Category 1

Participants will be introduced to a range of topics related to treating the unique needs of cancer survivors. Acupuncture and herbs treatment strategies for commonly seen late effects will be covered. Participants will learn about the challenges cancer survivors face and the role we can play as a member of their healthcare team.

Dr. Kathy Taromina practices acupuncture in Washington State. She is a clinical researcher at the Fred Hutchinson Cancer Research Center and the Academic Dean and Director of Research at the Seattle Institute of East Asian Medicine. She also teaches at the Virginia University of Integrative Medicine and Bastyr University. Dr. Taromina obtained her MSTOM degree in 1999 and DACM degree in 2016 from the Pacific College of Oriental Medicine. She is the principal investigator at the SEATTLE-based Research of Chinese Herbs for COVID-10 and Chair of the Institutional Review Board of the Seattle Institute of East Asian Medicine.

Dr. Rongmin Jiang, Ph.D.

TX: 1.6 HERB, 2 GEN | NCCAOM: 1 AOM-CH, 1 AOM-OM, 1 AOM-AC | CA: Category 1

Course will discuss a chronic gastritis disease with "bentun syndrome" case and the herbal & acupuncture treatment, a depression disease with "bentun syndrome" case, and the herbal & acupuncture treatment and the TCM recognition of "bentun syndrome"

Dr. Rongmin Jiang currently lives in Texas. He has many years of hand-on experience as a TCM & acupuncture doctor. He mentors and trains for internship students of TCM medical school. He published 16 articles of TCM & acupuncture treatment and research on the medical magazines. Dr. Jiang is skilled at using herbs to treat different kinds of disease and illness in the internal medicine field, gynecological and pediatrics field, and using acupuncture and other traditional Chinese physical therapies to treat nervous system and skeletal muscle system disease. He obtained his Ph.D. and Masters degree from the Tianjin University of Traditional Chinese Medicine. Dr. Jiang is also a visiting scholar at ACAOM.

Ethic, Safety, Insurance and Coding

Ms. Marilyn Allen, M.S.

TX: 1.2 SA | NCCAOM: 1 SA | CA: Category 1

TX: 1.2 ET | NCCAOM: 1 ET | CA: Category 1

TX: 2.4 PM | NCCAOM: 2 PE-CW | CA: Category 2

This course will cover most current and useful safety considerations, ethical dilemmas, insurance issues, and coding in acupuncture practice. Ethics: duties of an acupuncturist, principles of medical ethics, commitments to patients, the profession and the public. Safety: avoid risks and risk management. Practice Management: professional development, 12 steps to ethical success, ethical and legal bill in collection practices, and methods of payment from patients.

Marilyn Allen is a Practice Management Consultant for the acupuncture profession. Her expertise spans practice building, office management, marketing and professional ethics and jurisprudence. Marilyn is a co-author of Points for Profit, a book for the acupuncture profession in the area of business and practice management, marketing and public relations. With a M.S. in Management and Administration from Pepperdine University, she has honed her skills in several large complementary medicine clinics. Marilyn serves as the Public Relations and Marketing Director for the American Acupuncture Council. Marilyn has been a contributor to three different Oriental medicine journals and in 1999 was named as the Editor of Acupuncture Today. Marilyn is currently serving as the representative to the WHO (World Health Organization) for the development of diagnostic codes for the International Classification of Traditional Medicine. Representing Traditional Medicine providers on the Technical Advisory Group for Quality and Safety. A member of the U.S. Delegation to the International Organization for Standardization. Marilyn has been elected to the Chairman's Advisory Council. The organization is working on Public Safety and Quality and Standards for herbs and medical devices used in Acupuncture Offices. Marilyn loves to work in her garden and grows various kinds of fruit and numerous flowers in her spare time. She also enjoys experiencing various types of Traditional and Homeopathic treatments for her research and personal health and wellbeing.
