SERVING HOUSTON FAMILIES SINCE 1904

Family Services of Greater Houston, a United Way Agency, is one of the oldest 501 (c)(3) nonprofit social service organizations in the area. Originally founded in 1904 in reaction to a series of community crises, the organization was conceived to be a flexible social service agency, ready to quickly offer help to those in need.

Family Services of Greater Houston sees more than 77,000 people every year. Whether it's counseling or parenting education, navigating veteran's benefits or securing an auto loan, even crisis assistance, our many programs and outreach services are designed to help individuals and families like yours.

Through its many programs and outreach services, Family Houston builds stronger families by teaching the life skills necessary to face financial, health, relationship and other critical challenges. Whether it's career counseling, teaching parenting skills, or enrolling a veteran for benefits, our programs and services help strengthen families - leading to a healthier, more stable community.

Today, Family Houston serves low-income children, families and adults. Our clients represent the diversity of the city, with a wide range of ages and ethnicities.
